

Bronneberg Recycling PowerBird Alligator Shear

The Bronneberg PowerBird sheet metal alligator shear is unique in its field, offering the lowest noise level possible, with maximum security. Operator-friendly, this shear is equipped with an easy adjustable transparent safety guard, a fully automatic working or cut per cycle by foot pedal control. Emergency stops on control pedal and control box activate separate emergency circuits. Fork lift sockets for easy moving.

- Adjustable cutting speed
- Adjustable blade opening
- Hydraulic hold-down
- Low noise level
- Low maintenance
- Maximum safety
- Operator friendly
